The Clorox Company
c/o PS&RC; P.O. Box 493
Pleasanton, CA 94566

Subject: Label Amendment – Revised Label
Product Name: Tilex
EPA Registration Number: 5813-24
Application Date: October 31, 2018
Decision Number: 548368

Dear Mr. Herber:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance

ACCEPTED

10/28/2019

Under the Federal Insecticide, Fungicide
and Rodenticide Act as amended, for the
pesticide registered under
EPA Reg. No. 5813-24

Formatting notes (applicable for all claims)

Now[!] -and/or- **New[ly][!]** -and/or- **Improved[!]** may be added anywhere to a claim and will only be used for the first 6 months of product on shelf.

Optional text may be placed anywhere on the label -and/or- container.

Bold, italicized text is information for the reader and is not part of the label.

Bracketed information is optional text.

All footnotes are on the last page, unless they are part of EPA's mandated text.

The word "and" may be substituted with "&". Plural words may be used in their singular form or singular words may be used in their plural form unless otherwise specified in 40 CFR.

All directions may be written in numbered form or in paragraph form.

All use surfaces and/or use sites on the label may be listed in conjunction with an image of the use surface and/or use site.

Highlighted text is new. Strike-through text means removed.

STATEMENTS.

ACTIVE INGREDIENT:

Sodium Hypochlorite 2.4%

OTHER INGREDIENTS: 97.6%

TOTAL: 100.0%

[(Yields 2.28% available chlorine)]

[NET] [CONTENTS] _____

Contains No Phosphorus[.]

PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS.

WARNING: Causes substantial but temporary eye injury. Do not get in eyes or on clothing. Wear safety glasses]. Avoid contact with skin. Harmful if inhaled. Avoid breathing spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse. For sensitive skin or prolonged use, wear rubber gloves. [*The following statement will appear in color: Not recommended for use by persons with heart conditions or chronic respiratory problems such as asthma, emphysema or obstructive lung disease.*]

FIRST AID:

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. **If on skin or clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. **If inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. **In all cases:** Call a poison control center or doctor for further treatment advice. Have the product container or label with you when calling a poison control center or doctor or going for treatment. [Emergency [Medical] Information -or- Poison Control Center: 1-800-446-1014.]

PHYSICAL AND CHEMICAL HAZARDS: This product contains bleach. Do not use or mix this product with other household chemicals, such as products containing ammonia, toilet bowl cleaners, rust removers, vinegar or acid. To do so will release hazardous gases.

Alternate for Refill Bottle

To Refill [Spray Bottles]:

Remove

1. Remove trigger sprayer -or- cap from empty bottle.

Pour

2. Unscrew cap on refill and pour contents directly into empty bottle.

Use

3. Replace trigger sprayer and use as you normally would.

-or-

[Remove trigger sprayer from empty bottle,] unscrew cap and transfer your trigger to this bottle.

Alternate for Non-Refillable Bottles for use with applicator/sprayer name

To Connect [with **insert applicator/sprayer name**]

[Remove]

Remove cap [and induction seal] [from bottle].

[Connect]

Connect adaptor cap [from **insert applicator/sprayer name**] [to bottle] and twist until tight[ened]. [Refer to user manual for specific operating instructions before use.]

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Spray use directions may be added to the refill bottles if packaged together with a spray bottle

AVOID PROLONGED BREATHING OF VAPOR

Use in well ventilated areas. Open windows and turn on fans before use. If the vapors bother you, leave the room while this product is working.

not used on subregistrations HOUSEHOLD USE:

For non-foaming trigger

TO REMOVE MILDEW STAINS: [Turn sprayer nozzle to SPRAY -or- ON [position].] Spray, wait until stains disappear and rinse. Heavy mildew buildup may require longer contact time, or two cleanings.

For foaming trigger

TO REMOVE MILDEW STAINS: Turn nozzle to FOAM -or- FOAM-SPRAY -or- ON [position] -or- [For tough jobs,] turn nozzle to FOAM-STREAM [position] ***trigger has “foam-stream” and “foam-spray” listed on the nozzle.*** Spray 6-8 in[ches] from surface until surface is thoroughly covered. Allow foam to deeply penetrate mildew and problem areas. Wipe with a wet sponge or cloth, and rinse. Heavy mildew buildup may require longer contact time, or two cleanings. If excess foam dries on nozzle, rinse with warm water.

For both the foaming and non-foaming triggers

To Remove Mildew Stains: Spray 6-8 in[ches] from surface until surface is thoroughly covered. Allow foam to deeply penetrate mildew and problem areas. Wipe with a wet sponge or cloth, and rinse. Heavy mildew buildup may require longer contact time, or two cleanings. [If excess foam dries on nozzle, rinse with warm water.]

TO DISINFECT [AND KILL MOLD & MILDEW] [AND PREVENT -OR- INHIBIT -OR- CONTROL THE GROWTH] [ON] HARD, NONPOROUS SURFACES [including glazed ceramic tile]: [Turn nozzle to ON.] Spray surface until thoroughly wet, let stand 5 min[utes], and rinse.

Optional sentence This product [also] kills Salmonella enterica^[9] [(Salmonella)], Staphylococcus aureus [(Staph)], Streptococcus pyogenes [(Strep)], Trichophyton interdigitale ***tested as Trichophyton mentagrophytes*** [(Trichophyton) -and/or- (Athlete's Foot Fungus)] and Aspergillus niger [(Aspergillus)].

TO KILL MOLD & MILDEW ON HARD, POROUS SURFACES such as grout and cement: Spray surface until thoroughly wet, let stand 10 min[utes], and rinse. [Repeat application.]

TO CLEAN SOAP SCUM: [Turn nozzle to ON.] Spray, wait a few min[utes], wipe with sponge. Heavy soap scum or mildew buildup may need two cleanings. [This product may not be able to remove soap scum and mildew embedded in hard water deposits, old grout or silicone caulking.] **FOR SOAP SCUM PROBLEMS:** Use Tilex® Soap Scum Remover -and/or- ***insert current product name(s) containing “soap scum” in name.***

[BIG JOBS: This product can effectively clean many household surfaces. For convenience, use the turret top or refill your this product sprayer bottle.]

Rinse immediately after use on rubber, plastic and vinyl. Avoid prolonged contact with metal and old porcelain as this product can react with these materials and leave a “rusty” stain -or- Prolonged contact with metal, old porcelain or worn plastic laminate may cause discoloration. [Do not use on wood or painted surfaces] [unless you plan to refinish or repaint them]. [This product may not be able to remove mildew embedded in hard water deposits, old grout or silicone caulking.] [Avoid contact with aluminum, clothes, fabric, carpet or paper surfaces as they will discolor.]

The following statement is optional but should be used if we are selling one or more of these names. Do not mix with ***insert*** Tilex® ***product name(s) not containing bleach.***

Where to Use

TO CLEAN AND DISINFECT TOILET BOWLS:

Flush toilet and add 1 cup this product to bowl. Brush to thoroughly wet all surfaces including under rim. Let stand 5 min[utes] before flushing.

FLOORS:

Mop washable floors including no-wax floors, linoleum, vinyl and ceramic tile with 1 cup this product per gallon of warm water. Rinse for best shine.

TO CLEAN CEMENT POOL AREAS:

Apply liberally (full strength) and rinse.

VINYL AND PLASTIC OUTDOOR FURNITURE:

Sponge on full strength and rinse immediately.

Residential/Household uses (16 fl oz, 32 fl oz RTU spray; may be added to the refill bottle when packaged with a smaller size spray bottle)

STORAGE AND DISPOSAL:

Store this product in a cool [dry] area, [away from direct sunlight and heat] to avoid deterioration. Do not reuse or refill except as described in the directions for use. Refill only with this product. [Please] recycle empty container or discard in trash.

Residential/Household uses (64 fl oz direct application -and/or- dilutable non-spray)

STORAGE AND DISPOSAL:

Store this product in a cool [dry] area, [away from direct sunlight and heat] to avoid deterioration. In case of spill, flood areas with large quantities of water. Product or rinsates that cannot be used should be diluted with water before disposal in a sanitary sewer. Nonrefillable container. Do not refill or reuse this container. [Please] recycle empty container or discard in trash.

Professional/Institutional uses (32 fl oz RTU spray; may be added to the refill bottle when packaged with a smaller size spray bottle)

STORAGE AND DISPOSAL:

Store this product in a cool [dry] area, [away from direct sunlight and heat] to avoid deterioration. Do not reuse or refill except as described in the directions for use. Refill only with this product. [Please] recycle empty container or discard in trash.

Professional/Institutional uses (64 fl oz, 128 fl oz direct application -and/or- dilutable non-spray)

STORAGE AND DISPOSAL:

Store this product in a cool [dry] area, [away from direct sunlight and heat] to avoid deterioration. In case of spill, flood areas with large quantities of water. Product or rinsates that cannot be used should be diluted with water before disposal in a sanitary sewer. Nonrefillable container. Do not refill or reuse this container. [Triple rinse promptly, then] [please] recycle empty container or discard in trash.
